

PRODUCT NAME: LED String Lights

ITEM NUMBER: LO473

ASSEMBLED DIMENSIONS: 54' L (24 sockets/24" spacing)

! IMPORTANT SAFETY INSTRUCTIONS:

- Read instructions carefully and completely before assembly or installation.
- To reduce risk of electric shock, string features a polarized plug (one blade is wider than the other) designed to fit one way into a polarized outlet. If plug does not fully fit into outlet, reverse plug. If it still does not fit, contact a qualified electrician. Never use an extension cord that does not permit plug to fully seat. Do not alter plug.
- Install in accordance with these instructions and current electrical codes such as the National Electric Code (NEC)
- Sockets require a E26 BASE S14 or A15 BULB
- INCANDESCENT:** 11 WATT MAXIMUM per bulb permitting up to 4 sets MAX to be connected together.
- LED:** 0.6 WATT MAXIMUM per bulb permitting up to 20 sets MAX to be connected together.
- DO NOT EXCEED 1200 WATTS MAXIMUM when connecting multiple sets.**

! WARNING - Reduce risk of fire, electric shock or personal injury:

- Deviation from assembly instructions may cause risk of fire or electric shock.
- When used outdoors or wet location, ground fault (GFCI) must be provided on circuit/outlet.
- Avoid connecting/disconnecting when wet. Do not submerge in water or use where water may pool.
- For spans exceeding 24', string must be support by guy cable, hooks, zip ties or screw hooks.
- DO NOT USE STAPLES, NAILS OR OTHER SHARP CONDUCTING MATERIALS for support.
- DO NOT CUT, ALTER OR DAMAGE WIRE, WIRE INSULATION, SOCKET OR SOCKET COVERING.
- To prevent water intrusion, string must be installed so bulbs are facing down.
- Periodically inspect wire and sockets for degradation due to weather, UV or other damage. Remove and replace any damaged unit(s).
- Do not hang ornaments or other objects from light strings or allow bulbs to rest upon cord.
- Do not mount or place near heaters, fireplace, candles or other sources of heat.

Unplug string prior to installation or removal.

Remove all parts, hardware and protective packaging from carton and carefully arrange on a clean, level surface.

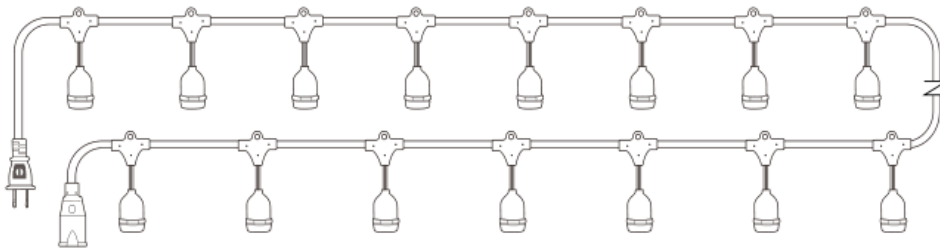

NOTE: To avoid accidentally discarding small parts or hardware, retain all carton contents until after assembly and installation are complete.

Recommended Location for Use: Indoor or Outdoor Environment

Assembly Time: 10 Minutes
