

PRODUCT NAME: Compass Side Table

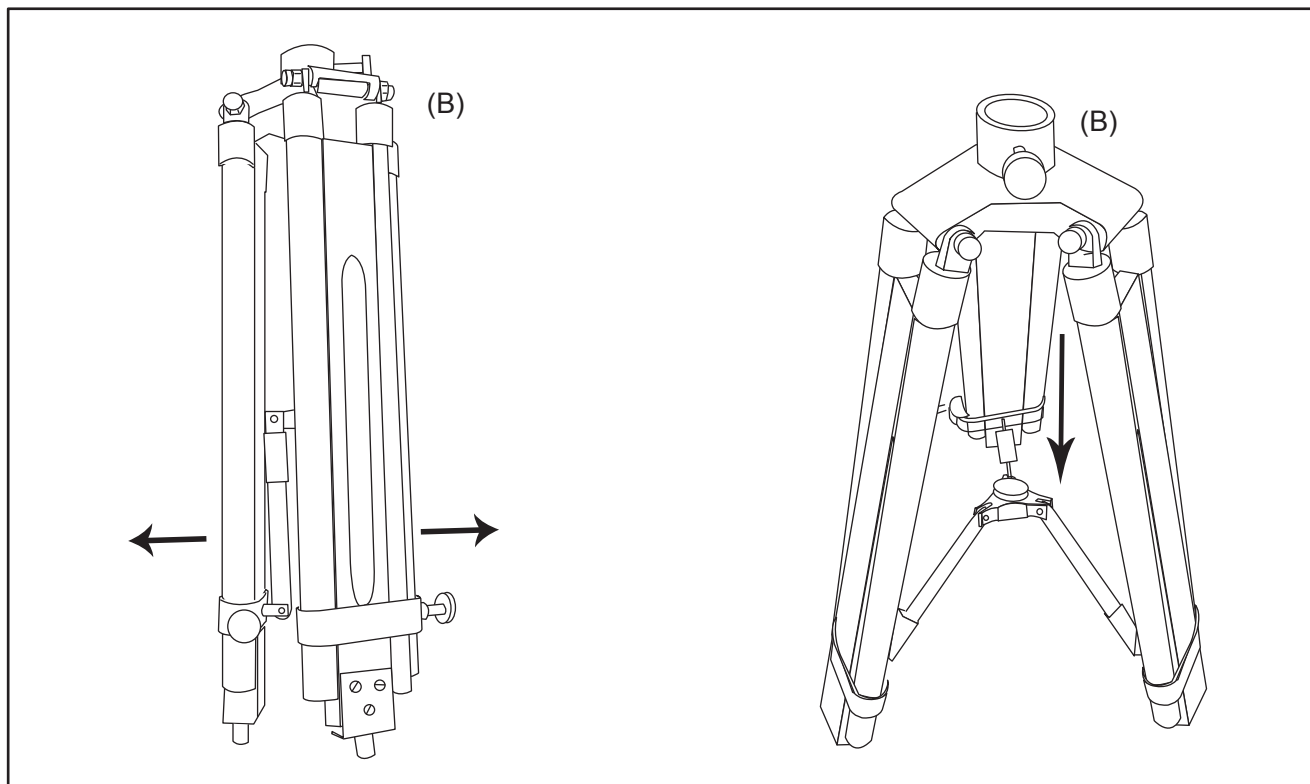

ITEM NUMBER: MT156

DIMENSIONS OF ITEM ASSEMBLED: 25"H X 14"Diam.

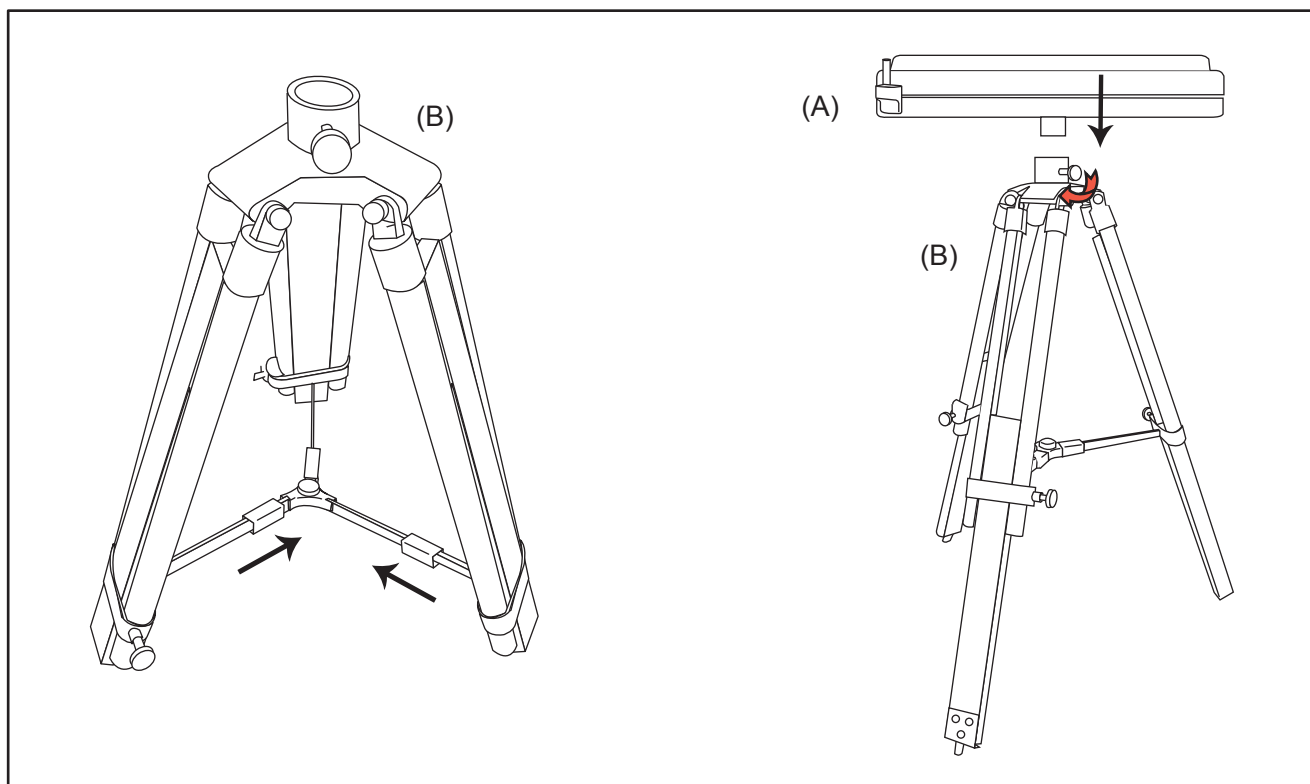

Ltr.	Qty.	Components
A	1	 <p>Table Top (A)</p> <p>Compass Knob</p>
B	1	 <p>Table Legs (B)</p> <p>Top Adjustment Knob</p> <p>Leg Adjustment Knobs</p> <p>Joint Sleeves</p> <p>Leg Extension</p>

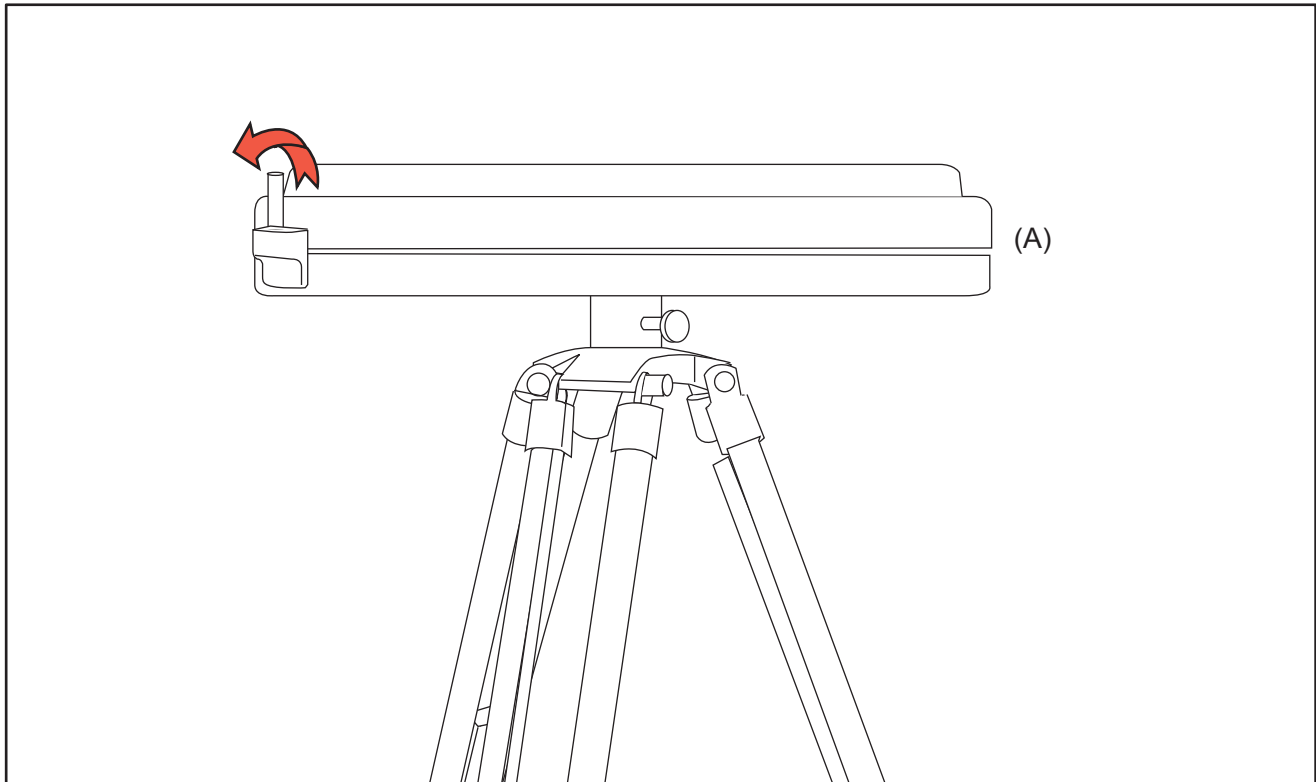

STEP 1: Pull Legs (B) apart until center joint is completely flattened.

STEP 2: Slide the joint sleeves over the joint in the center to lock Legs (B) in place. Place the Table Top (A) onto the Table Legs and secure it by tightening the knob on the Leg base.

STEP 3: Loosen knob on compass surface to allow mechanism to move needle freely.

STEP 4: To extend the Legs (B), loosen knob on Leg and slide the middle piece of wood down to desired length. Tighten the knob to secure the Leg length in place.
